SO

ABOUT ME

I am a frontend developer and graphic designer who enjoys turning ideas into clean, good-looking visuals and web pages. I build with HTML and CSS, and I create designs in CorelDRAW and PixelLab.

EXPERTISE

Frontend Development
HTML & CSS

Building structured, well-styled web pages with clear layouts and navigation.

Graphic Design
CorelDRAW & PixelLab

Creating flyers, banners and logos with a strong visual identity.

WHAT I DO

- Website pages built with HTML and CSS
- Flyers and posters for businesses
- Logo and brand marks
- Banners for events and organisations

SKILLS

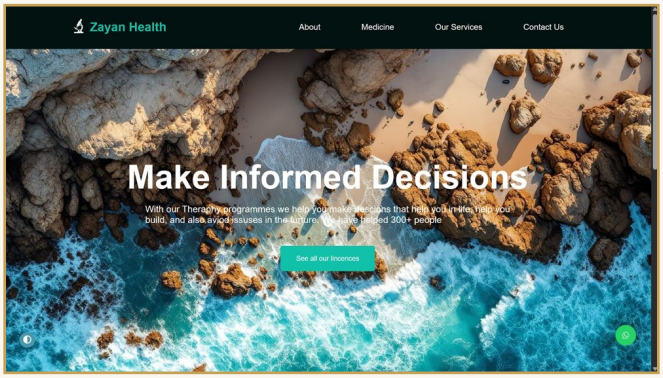

HTML | CSS | Web Page Design | CorelDRAW | PixelLab | Visual Design

Open to frontend and graphic design work.
